Cúntas Míosúil

Monthly Progress Record / Cúntas Míosúil ar Obair na Míosa

Pleanáil

See how the English page is built. It is assembled from the curriculum: in Pleanáil you tick the Learning Outcomes you are teaching, and your Work Covered, Reflection and coverage lay out like this worked example. Nothing is written for you; it comes from the outcomes you choose. The English page after it is left blank for your own use.

Note: The Cúntas Míosúil records the portion of the curriculum dealt with during the month and is submitted to the Principal. English is shown first as a worked example, followed by a blank English page and the other subjects for you to complete by hand. In Pleanáil the same pages are built from the Learning Outcomes you tick.
