This is a real Pleanáil SET planning template, free to print and use: a group profile page and a weekly plan page, with one literacy group completed as a worked example and blank pages for your own groups. In Pleanáil the same pages build themselves: set up your groups once, plan each week from curriculum content and your SSP targets, and your weekly plans combine into the Cúntas Míosúil for you.

Plan at group level only. Do not enter pupil-identifying information on this template: no names, initials, dates of birth, diagnoses or assessment scores. A group-level programme supports your teaching and provision planning, grounded in the Continuum of Support; pupil records belong in your school's own secure systems.
