Weekly is the rhythm many NQTs use during Droichead: the same curriculum and the same headings as a fortnightly plan, one week at a time. This is a real Pleanáil template, free to print and use. The English page is completed as a worked example, followed by a blank English page and a page for each other subject. In Pleanáil the same pages are built from the curriculum: you tick the Learning Outcomes you are teaching and they lay out like the worked page. Nothing is written for you; it comes from the outcomes you choose.
